Supporting Healthy Workplaces in Waterloo-Wellington Region

The Integrated Cancer Screening Program serves all of Waterloo Region and Wellington County by offering education on prevention and screening for breast, cervical and colorectal cancers.

We would be happy to partner with you to offer any of the following at your workplace:

- Information table display – standalone or at employee health fairs
- Lunch and Learn or after-work presentations
- Your Health Matters Program
- Customized screening interventions
- Pamphlets/resources
- Content for company newsletters

There is no cost for our services.

Why promote health?

Some benefits:

- Increased productivity
- Increased employee morale
- Reduced absenteeism/illness
- Reduced health benefits costs
- Reduced employee turnover
- Improved job satisfaction
- Improved company image

Please contact a Regional Coordinator below.
Let’s discuss how we can help your organization!
